

Fresh Faces 4 2026 Ukraine Impact Reporting

Ukraine Topline Impact

Since February 2022, Project HOPE has supported health workers, doctors, nurses, and more in Ukraine so they can keep providing lifesaving care and have the resources, supplies, and medicines they need to care for their communities. **Project HOPE has provided nearly \$16.5 million worth of essential pharmaceuticals, medical supplies, and equipment to health facilities in Ukraine.**

- While Project HOPE does not traditionally publish costs of running specific programs, we have **several dollar handles** that help show the scale of funding needed to support our work and reach as many Ukrainians as we do each year:
 - **\$4** can provide a child in Ukraine with access to a **mental health group activity** like art therapy, yoga, and other activities designed to improve the mental health of children
 - **\$4** can provide an internally displaced Ukrainian child or adult with a **medical or psychological consultation** through one of Project HOPE's mobile medical units or through our surge staffing program in frontline areas.
 - **\$8** a month can provide a **family of four** in Ukraine with a **family hygiene kit delivery**, to ensure that those living near the front lines maintain access to hygiene supplies.
 - **\$19** can provide **telemedicine counseling appointments** to someone in Ukraine facing the difficulties of displacement, trauma, the impacts of a future that is held hostage by war
 - **\$301** can support one of our MMUs with **nursing services** (one nurse) for one month
 - **\$50,000** can provide **minor reconstruction repairs** (windows, doors, and roofs) for **health facilities** damaged after air strikes.

Ukraine Program Delivery Impact

In the four years from February 2022-January 2026, Project HOPE:

- Directly **reached over 2.1 million** people across Ukraine.

- Provided continuous support to **227 health facilities**.
- To date, 22 healthcare and social service facilities have been successfully reconstructed by Project HOPE's team and reopened across Kyiv, Chernihiv, Kharkiv, Kherson, Mykolaiv, Dnipro, and Sumy oblasts.
- **In total, provided 1.6 million people with medical consultations by running mobile medical units and supporting surge staffing in frontline health facilities.**
 - Through surge staffing, supported **206 health workers** across 28 health facilities, who have gone on to provide care for **833,658 patients**.
 - Supported the operation of **79 mobile medical units** — involving 130 health workers (doctors and nurses), 25 psychologists, 65 drivers, and multiple partner facilities — to provide care to **782,113 patients**.
- Equipped **207 first responders** in Kherson, Kharkiv, Donetsk, Zaporizhzhia, Sumy, Odesa and Dnipro oblasts with **27 ambulances**, supporting a total of **54,032 patient transportations**
- Project HOPE provided **MHPSS services** to 422,559 Ukrainians at five IDP centers, nine MHPSS sites established by Project HOPE, 28 hospitals, 15 MMUs, and through online consultations — reaching 32,758 participants in the second quarter of 2026.
- Provided **MHPSS services to war veterans and their families** in established Veterans Centers in Mykolaiv, Odesa, Dnipro, Kharkiv, Kryvyi Rih and Chernihiv oblasts, **reaching 17,114 people with 27,060 consultations**.
- Delivered **1,704,624 six-liter bottles of drinking water** to 12 health facilities and community members in 35 settlements to cover the needs of 183,369 Ukrainians.
 - Over 10.2 million liters of drinking water delivered, in total.
- Distributed **209,176 hygiene kits** and essential non-food items to cover the basic needs of **400,939 individuals** — with **7,725 hygiene kits** delivered in the second quarter of 2026.
